

A gift from  
the sun for  
your home

Solar Photovoltaic Products

# Solar energy is a gift

Everyday we have the chance to leverage this immense gift called the sun and make our lives more sustainable, without giving up our comfort.

Electrolux solar modules are designed to help you in your pursuit of a sustainable lifestyle. Changing sunlight into clean energy, so that you change the world.

For better living.

## A sustainable lifestyle

By converting sunlight into electricity, Electrolux solar panels allow you to run your home appliances on clean energy, reducing your carbon footprint.

With your own home system of 5 kWp capacity you can save over 1500 kg of CO<sub>2</sub> per year\*.

Going solar allows you to get closer to your goal of energy independence.

\*The actual CO<sub>2</sub> savings from a solar installation depend from several factors such as, but not limited to, the CO<sub>2</sub> avoidance factor and the irradiance values of a specific geographical area. The values reported here are provided as example

# Sustainable and efficient: your home, powered by solar energy

Electrolux High Efficiency solar modules help you maximise the energy production of your solar installation.

Compact, durable, and with premium aesthetics, Electrolux solar modules optimise your sustainable investment thanks to the latest advancements in solar technology, making your installation more efficient by design and allowing you to flexibly produce and use clean energy from the sun.

## 30 Years of Warranty: For extra peace of mind

We are committed to providing you with human-centric solutions that prioritise the needs and well-being of our customers. That is why we understand the importance of quality assurance and conduct rigorous quality checks throughout the production process and prior to shipping. This rigorous process guarantees high performance and durability. This gives us the peace of mind to offer you industry-leading extended 30-year product warranty and a 30-year linear performance warranty granting you even longer-lasting peace of all Electrolux solar.

## Electrolux Solar Modules

Electrolux premium solar panels provide you with a high-performance, long-lasting, and aesthetically pleasing option for your energy needs “For better living”.

### ES-M1088B-BH(M10)/HV

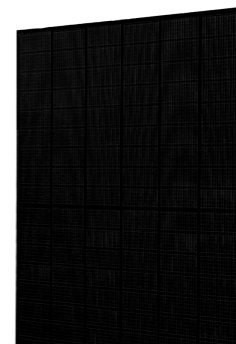

BIFACIAL GLASS-GLASS PHOTOVOLTAIC MODULE

30-year product and power warranty  
Black Glass, Black Frame  
Power: 420-430 Wp | Efficiency: 21.51 - 22.02 %  
Corresponds 221Wp/m2  
Cells: 108 monocrystalline half-cut N-type cells  
Dimensions: 1722 x 1134 x 30 mm

Extra converting surface on the module back thanks to bifaciality.

### ES-M1082B-BH(M10)-HV

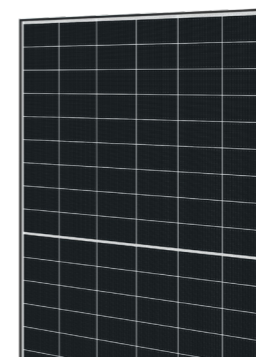

BIFACIAL GLASS-GLASS PHOTOVOLTAIC MODULE

30-year product and power warranty  
Black Glass, Black Frame  
Power: 435-450 Wp | Efficiency: 21.8 - 22.5 %  
Corresponds 225.21 Wp/m2  
Cells: 108 monocrystalline half-cut N-type cells  
Dimensions: 1762 x 1134 x 30 mm

Extra converting surface on the module back thanks to bifaciality.

### ES-M1083Z-MH(M10) / HV

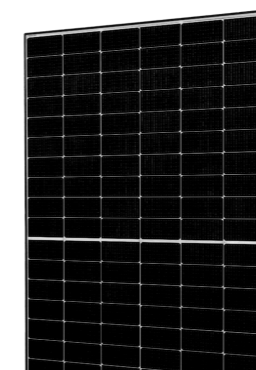

N - TYPE TOPCON PHOTOVOLTAIC MODULE

30-year product and power warranty  
Silver or black frame  
Power: 425-435 Wp | Efficiency: 21.8 - 22.3 %  
Corresponds 223Wp/m2  
Cells: 108 monocrystalline half-cut N-Type cells  
Dimensions: 1722 x 1134 x 30 mm

High efficiency/ Extra Power thanks to bifacial N-Type cells. Extra long cables for installation flexibility.

### ES-M1208Z-H(M10)/HV

N - TYPE TOPCON PHOTOVOLTAIC MODULE

30-year product and power warranty  
Silver or black frame, white backsheet  
Power: 475-490 Wp | Efficiency: 22.01 - 22.47 %  
Corresponds 225Wp/m2  
Cells: 120 monocrystalline half-cut N-type cells  
Dimensions: 1903 x 1134 x 35 mm

High efficiency/ Extra Power thanks to N-Type cells, extra long cables for greater installation flexibility.

## About us

Since 2015, Solar Solutions has been advocating sustainability by providing customers in over 30 countries worldwide with high-quality solar photovoltaic solutions under the world-class brands AEG and Electrolux, including solar panels, inverters, and energy storage.

Electrolux solar panels are helping today thousands of customers day by day in their pursuit of a sustainable lifestyle. With the premium brand Electrolux, licensed from world-class leader in domestic appliances Electrolux Group, we offer customers the safety and trust of premium looks and outstanding product quality.

We believe that Electrolux brand's unrivalled recognition is capable of driving environmental awareness, and help shaping a greener future. For better living.

## Join us - Become a distributor

The Electrolux brand epitomises quality, forward-thinking, human-centric solutions and for over 100 years has been shaping living for the better for thousands of customers worldwide.

Why don't you join us on this exciting journey and become a partner for the distribution of Electrolux solar products? Contact us to join the Electrolux solar network.
